Testimonials

The vision for CaREhab was to create multi-disciplinary and a continuum-wide platform for practitioners, industry and end-patients to learn, share and network...underpinning our vision were 3 core pillars: neutrality, a focus on continuum wide education and financial accessibility."

Mr Ian Wu,
Cluster Director
(Healthcare & Automotive and Commodities)

"It has been a wonderful experience for me. I love the philosophy of SingEx in terms of continuing education and opportunities particularly for those who cannot afford the very high-priced models."

Dr Marilyn Moffat,
Immediate Past President,
World Federation of Physical Therapists, USA

"Very reasonable and understandable pricing strategy, I was surprised with the price point, it was accessible!"

Dr Serg Mezhov,
Acupuncturist,
Acupuncture Association of Australia, Australia

"I would like to applaud the organising team for creating a platform to bring together people with common interests...congratulations to the CaREhab team for a really good and well-structured conference. I would surely come again!"

Prof Lydia Latif,
Professor & Clinical Consultant,
Department of Rehabilitation Medicine,
Faculty of Medicine, University of Malaya, Malaysia

"I like the conference content, it's informative and the speakers are great!"

Mr Rod Charlie Delos Reyes,
Occupational Therapist,
